Re: Master Plan/Aviation Demand Forecast
Vero Beach Regional Airport (VRB)
Vero Beach, FL

Dear Mr. Scher:

We have reviewed the Master Plan Forecast of Aeronautical Demand dated July 2023 and find it consistent with the 2022 Federal Aviation Administration (FAA) Terminal Area Forecast (TAF) following additional agency review. Based on this finding, the Vero Beach Regional Airport Preferred Master Plan Forecast is approved for use. We are coordinating the forecast for consideration when formulating the next FAA Terminal Area Forecast. Those development projects identified in the ongoing Master Plan Update must be justified at the time of grant application.

Should you have any questions, please feel free to contact me at (407) 487-7229.

Sincerely,

Stephen Wilson
